Level 3 Foundation Diploma in Engineering

Overview

Level 3 Foundation Diploma in Engineering has been developed to allow learners to gain understanding and knowledge across a range of Engineering practices.

The qualification enables learners to develop essential knowledge in areas such as engineering principles, design technology, electricity, mechanics, statistics and mathematics.

Successful completion of this qualification will prepare learners for employment in the engineering sector or further learning.

Duration and delivery

The qualification is designed to be delivered over one academic year for full-time study, but it is also flexible in its delivery in order to accommodate part-time and distance learning. The qualification is delivered distance, online by approved centres only.

It can be physical (e.g., hitting, pushing, tripping), verbal (e.g., name calling, mocking, or making sexist, racist, or homophobic comments), or social (e.g., excluding others from a group, spreading gossip or rumours). It may also occur through the use of technology (e.g., spreading rumours, images, or hurtful comments through the use of e-mail, cellphones, text messaging, Internet websites, or other technology).

If you are a victim, know someone who is a victim or see behaviour which you feel may be discrimination, harassment or bullying:

- If it is safe to do so, tell the person to stop;
- Write down what happened; include names, how often it has happened, time, date, location, any witness, who else you have told and if you know of anyone else who may have experienced similar conduct; and
- Talk with your Guidance Counsellor or School Administrator to determine the appropriate next step;
- If you are unsure if what you witnessed and/or experienced is considered discrimination, harassment or bullying or if you are not comfortable telling the person to stop, talk with your Guidance Counsellor or School Administrator. All reports are taken very seriously and will be handled in a timely and respectful way for everyone involved.
- For any reason, if you do not wish to go to your Guidance Counsellor or School Administrator, report the incident to an adult you trust, either at home or at school.

Learner Journey

1 - Choose a Program

Whether you want to improve your skills, increase your chances of employment or further your professional qualifications Richmond College has a variety of distance learning programs to suit you...

2 - Register the Program

Our online Business Management, Engineering, Accounting, Hotel and Hospitality, and Computing programs will help you obtain a UK Diploma, which is recognized by employers and approved by OFQUAL, the UK Government Higher Education regulating body.

3 - Study the Program's Modules

When the online modules have been successfully completed, you will then be able to take the final written assignments provided by Richmond College that test your knowledge and understanding of the modules.

4 - Complete Online Multiple choice tests and written Assignments

The Multiple choice tests contains 30 multiple-choice questions. You will be asked to write between 2,000 – 8,000 words for each assignment. After successful completion of these assignments, you will receive your diploma from the OFQUAL awarding organization.

5 - Receive Your Certificate and University Credits

These Diploma's can then be used as progression onto completion of a full undergraduate or postgraduate degree courses, at an accredited UK or overseas university.

6 - Top up your qualification and Earn a BA Degree or MBA

Richmond College will help you to top up to the final year of University. Your Degree or MBA will be awarded to you by the University you complete your final year with. We currently partner with UK universities, who accept the OFQUAL credits awarded from studying our courses.
